Australian Tennis Seniors Teams Draw

Each match consists of 8 sets. The final result in every match **must total 8 sets** eg 6 sets 50g to 2 sets 12 g. 6 + 2 = 8*
* Check the regulations for how to score incomplete sets or sets not started. If sets are equal the winner is the team with the most games won e.g. Team A 4s – 30g to Team B 4s – 29g is a win to team A.

Positions in pools are determined firstly by total sets won in that pool. If sets won are equal then a percentage of games won divided by games lost is used to determine winner. If still equal the result of the head to head matches will decide.

The sets won in every match played including finals and playoffs count towards the overall team trophy

4 team draw

2 rounds played with sets and games added. Positions 1st to 4th determined then;
Semi Finals …. 1st v 4th **A**   & 2nd v 3rd **B**
